Priyavrata Deb

Lilburn, GA | (470)-694-2089 | priyavratadeb123@gmail.com | US Citizen

Objective

Computer Engineering freshman with hands-on hardware experience (Raspberry Pi, ESP32) and programming skills in Python, Java, and C++. Managed $30K+ tech inventory and placed top 5 in state-level technical competitions (Cybersecurity, VR, Webmaster). Seeking Summer 2027 hardware engineering internship.

Education

Georgia Institute of Technology | Atlanta, GA *August 2026 – Present*
Bachelor of Science in Computer Engineering Expected Graduation: May 2030

Parkview High School | Lilburn, GA *August 2022 – May 2026*
GPA: 3.9/4.0 (unweighted)

Relevant Coursework

Intro to Computing with Python: Learned the Python programming language and fundamental programming concepts.
Intro to Object-Oriented Programming with Java: Explored object-oriented programming languages through the use of Java.
Calculus 1 - Calculus 3, Linear Algebra: Covered single- and multivariable calculus, vector geometry, linear equations, and matrices.

Experience

Parkview High School | Lilburn, GA *August – May 2026*
Office Aide
Parkview High School offers a course where students can work in an on-campus office to gain valuable job skills.
- Tracked and managed $30,000+ of tech inventory
- Experience with Raspberry Pi systems and using terminal commands

Projects

Weather Dashboard *Summer 2026*
Created a weather dashboard to develop skills in JavaScript and to utilize APIs.
- Built a responsive weather dashboard using HTML, CSS, and JavaScript.
- Integrated Open-Meteo Geocoding and Forecast APIs to deliver city searches, autocomplete, current conditions, and a 5-day forecast.

ScholarLink *Fall 2025 - Spring 2026*
Developed a React web app for discovering and managing scholarship opportunities.
- Deployed and hosted the app on Netlify.
- Developed the calendar page using Firebase and Tailwind CSS.

Leadership

Technology Student Association | Competing Member (National & State Comps.) *August 2024 – May 2026*
- Placed top 5 in multiple state competitions (Cybersecurity, Webmaster, Virtual Reality).
- Gained experience in Unity game development, web development, and project management through GitHub.

National Beta Club | Vice President *August 2024 – May 2026*
- Organized 20+ service events and coordinated 5+ social events to expand club outreach.
- Tracked volunteer hours on spreadsheets, regularly spoke in front of large audiences, and led a media subcommittee.

Skills

Programming: Java, Python, C# (novice), JavaScript (beginner), C++ (beginner)
Hardware: Raspberry Pi, ESP32, Arduino Uno
Software: GitHub, Unity, Arduino IDE, Microsoft Office
Communication: Public Speaking, Presentations (large and small audiences)
Languages: English (native), Bangla (fluent), Spanish (conversational)
